

Our research is investigating the barbel fisheries of the River Teme. As sampling the river's fish community can be challenging, we are also collecting angler catch data. To help us, please complete the form below. Please use multiple sheets if you caught more than five of any one species.

If you have any further questions about the survey before filling it in then please contact:  
Catie Gutmann Roberts ([cgutmannroberts@bournemouth.ac.uk](mailto:cgutmannroberts@bournemouth.ac.uk)/ 07557415257)

Please print the form off and post to:  
Pete Reading, 17 Mayford Road, Branksome, Poole, Dorset, BH12 1PT

<b>*Date:</b>	<b>*Name:</b>
<b>Finishing start time (e.g. 08:50):</b>	<b>*Stretch fished:</b>
<b>Fishing end time:</b>	<b>GPS coordinates or NGR (if available):</b>
<b>OR</b>	<b>More than 1 swim fished? (Y/N):</b>
<b>*Total fishing time (e.g. 2h 50m):</b>	<b>Water temperature (°C):</b>
	<b>Water clarity (1-5) where 5 is the clearest and 1 is the most turbid:</b>
<b>Type of fishing gear used (e.g. feeder/pellet):</b>	<b>*Number of fish caught (All species except barbel):</b>
	<b>*Number of barbel caught:</b>

Species: Barbel Please choose units:

Approx. lengths:      cm/inches

\*Approx. weights:      lbs/grams

Other species (e.g. Chub): Please choose units:

Approx. lengths:      cm/inches

\*Approx. weights:      lbs/grams

Other species (e.g. Dace): Please choose units:

Approx. lengths:      cm/inches

\*Approx. weights:      lbs/grams
